INSTRUCTIONS:

Thank you for stopping by my shop! I made this freebie just for fun one day because I wanted something on my iPad that I could use to write really quick notes to myself, but also was nice to look at.

I made a shortcut to this on my iPad and I keep mine in my dock for easy access. If you need a tutorial about making shortcuts, visit my site.

The notepad is pretty straightforward. There are 3 templates/tabs and they are also hyperlinked. You can duplicate each one if you need to, or simply use it as is.

Anytime you tap the coil on top, it will bring you to the front cover.

I hope you like it - Have a wonderful day!

I hope this notepad helps keep you organized and brightens your day. Please use coupon code "THANK10" the next time you visit my shop.
